Mail Orders Filled at Advertised Prices.

Women's Hosiery, 50c

Great Collection of Good Values in Colors and White

Thousands of women are wearing linen and cotton wash suits in colors this season. Something new in hosiery is demanded to correspond with the summer outfit.

Tan shoes are much worn, and with them not only tan hose, but light blue, heliotrope, pink, gray, cardinal and canary.

Our Hosiery store is always up to date, and the finest collection of plain gauze, lace boot and all-over lace Hosiery in white and colors at 50c that your eyes have ever looked upon is now being shown here.

To get all the latest styles of Hosiery in all sizes, it's necessary to come to Miller & Rhoads.

BUILDING TRACKS OVER THE WATER

Chesapeake and Ohio Covering Old Basin to Give Greater Facilities.

ONCE SCENE OF ACTIVITY

High Priced Land Forces Railroads to Build Above Ground.

Land along the river bottom, in the heart of the city, is so valuable that in order to provide trackage and switching facilities the railroads are now building tracks over the water. The Chesapeake and Ohio Railway is adding about 1,800 yards of side-tracks to its facilities in this city by covering the old basin lying south of Cary Street, between Eighth and Twelfth Streets, and lying rails thereon. This project will cost the railroad company about \$200,000, but it will greatly expedite the business and prove a relief to the shippers by providing additional trackage there.

The old basin, now fast being covered from view, was once the scene of great activity in the business life of the city, and the basin bank was, twenty-seven years ago, one of the busiest points in the city. It was there the James River and Kanawha Canal Company's packets and the various freight lines plying up and down the canal went to and from, and the cargoes and take on others.

Thousands of passengers and tons of freight were loaded and unloaded at that point, and the basin, then deeper than now, was filled with craft of all kinds. The sale of the old canal and the construction of the Richmond and Alleghany (now the Chesapeake and Ohio's James River division) made the old basin useless for its former purposes, and much of it has long ago been filled in by the railroad company which owned it. The basin cannot be abandoned, however, since the Gallows and other important industries have water power contracts which require its retention. With the covering over of the remnant of that once fine body of water, the basin will soon become but a memory.

Had to Dredge Basin.

A. M. Walkup is the general contractor for the work of covering the basin and preparing its side-tracks. Prior to covering the basin, it was necessary to dredge it out, and the contract therefor was let to W. B. Bradley, of this city. The same firm has the contract for driving the piles needed as a foundation for the floor over the basin. The channel is being dredged to a depth of ten or twelve feet, and this portion of the work is nearly completed.

The work of driving the many piles needed for this improvement is a slow and tedious one. Already 500 have been driven, and 800 to 1,000 more must be sunk. These piles are of crooked pine, 30 to 45 feet long, and many of them will be sunk to a depth of 50 feet. The contractor is now awaiting a shipment of 50-foot piles.

These piles are of pine cut near Westham, but before they can be used they have to be freighted to Norfolk, there crooked and shipped back to Richmond for use within a few miles of the point where they grew. This is because Richmond has no crooked plant, and this, in turn, for the reason that there is small demand for piles or for crooked wood here.

Gives Big Trackage Space.

The completion of this project will provide a trackage space of 15,000 square yards, the space being about 1,200 feet long and 125 feet wide for a greater part of the distance. On the north side of the basin heavy iron girders are being laid upon the piles and massive wooden sills upon these, and the remainder of the foundation for the floor consists of crooked pine sills 12 by 14 inches. Six tracks will be provided for, and between the tracks will be driveways for teams. Over the iron and heavy wooden sills a floor of three-inch oak lumber is being laid. The earth removed from the channel is carted down to the vicinity of the Virginia Electrical Railway and Development Company's plant, and there used to fill low-lying land and render it more valuable.

CLEAN MACHINERY.

Every man who knows anything about it will say that machinery must be kept clean if it is to work as expected from it. Exactly the same is true of the machinery of the body, which can do its work properly only when kept clear of clogging accumulations. The bodily machinery of the human being is clogged when there is constipation, and this can be permanently cured and prevented from becoming chronic only by restoring the strength of weakened muscles. Experienced medical men find that this can best be done by the use, until there is free movement of the bowels, of a powerful cathartic at bedtime and before each meal, of a preparation of 1/2 oz. Fluid Extract of Senna, 1/2 oz. Rochelle Salt, 1 oz. Aro-Sagrada, 20 grains Bi-Carbonate of Soda, 1/2 oz. water and 1 1/2 oz. Glycerine. The ingredients are all entirely harmless, and any good druggist can prepare the medicine.

THE TRANSFER MEN COMPLETE LABORS

Seventh Annual Convention of Baggage-Handlers' Association Closed.

AN EARLY MORNING SESSION

Officers Elected—Seat of Next Convention Left to the Executive Committee.

The American Transfer Men's Association, which has been holding its seventh annual convention in this city for the past three days, was scheduled to meet in final session at the Jefferson yesterday morning at the unconventional hour of 7:30. It would have been wonderful had all the delegates been on time. As a matter of fact, only about a half a dozen showed up at the appointed hour, but by 8 o'clock a quorum was present, and the special business was proceeded with at once.

This business was quickly transacted. The nominating committee submitted a ticket, which was elected without opposition. It was as follows: W. M. Davis, of Cincinnati, president; D. W. Barrett, of Chicago, first vice-president; W. R. Supple, of Columbus, O., second vice-president; L. H. Adams, of Portland, Ore., third vice-president; and W. A. Brown, of St. Joseph, Mo., secretary and treasurer. Executive committee—Harry Sharp, of Omaha; H. L. Adams, of Portland, Ore.; Edwin Haas, of Atlanta, Ga.; J. C. Howell, of Chattanooga, Tenn.; and J. M. Dunn, of Richmond.

Shown Around City. The convention took a recess to get breakfast, and at 9:30 the delegates, under the guidance of Mr. J. M. Dunn and Mr. T. B. Hicks, started out on a carriage drive around the city to take in the places of historic interest.

They visited the City Hall, the Capitol Square, St. John's Church, the Marshall building, the Confederate Museum, Monument Avenue and the monuments, Hollywood Cemetery, and the industrial sections of the city.

On the return to the Jefferson a short closing session of the convention was held. A batch of routine business was quickly disposed of, and then the question of the next place of meeting came up. The delegates from Cincinnati and those from Grand Rapids, Mich., put in bids for the eighth annual convention. The convention could have been happy with either if "tender dear" were away; but as it was, they could not decide between the two. The delegates from the city of the next meeting place to the executive committee, with instructions to report within the next six months. The convention adjourned to meet one year hence at such place as the executive committee may select.

More of the delegates left the city at 4 o'clock yesterday afternoon for Jamestown.

JOHN HENRY TO RETURN.

Will Possibly Find a Felon's Cell Awaiting Him.

Sequent Gibson, of the detective force, left at 11:30 o'clock last night for Blacksburg, S. C., to bring back the negro, John Henry, who is charged with stealing about \$250 worth of clothing from Mr. Harry M. Smith, John was Mr. Smith's butler. Some of the wearing apparel was pawned by him in this city, but the rest may be scattered along his route to Blacksburg.

Soldiers Dismissed.

Adjutant-General Charles J. Anderson has issued the following order: "Upon the application of the commanding officer of the company, approved by the commanding officer of the regiment, the following named enlisted men of Company B, Seventy-first Regiment, Infantry, Virginia Volunteers, Norfolk, are discharged from the military service of the State of Virginia for the good of the service: Privates C. C. Lawrence, W. A. Lawrence, P. A. Page, James Stafford, H. F. Webber."

Arrest Drunken Boy. Grover Godsey, a sixteen-year-old white boy, was charged in the Police Court yesterday with being drunk and cursing a policeman. He was fined \$5 by Justice Crutchfield. The boy would not state where the whiskey was procured. He said that it was given to him.

Bitter Bit. John Brown (white), who wiped the handcuffs of Jailer Nance, of the City Jail, last for fun, he said, was brought before Justice Crutchfield yesterday. Brown swore that he intended no wrong, but Justice Crutchfield turned the tables on him and sent him to jail for ninety days.

Composes New Two-Step. The "Tomahawk Two-Step" is the title of a new composition by Mr. W. D. Seiden, of this city, who has put the music on sale for each cent. It is a light, rollicking composition, and has a sweet, catchy melody running through it.

Boy Cured Man. E. H. Fussell, son of former superintendent of schools of Henrico county, John C. Fussell, yesterday afternoon swore out a teetotal deed, and then, charging the boy with cursing and abusing him, the boy was arrested later by Constable Samuels and taken to the county jail.

Paralyzed from Shot. Harry Hill, charged with shooting Otis Bird, was remanded back to jail yesterday morning to await such time as Bird would be able to appear. It was stated that Bird had been paralyzed from his wounds.

CHILDREN GATHERING IN PENNIES FOR THE PUBLIC PLAYGROUNDS

RICHMOND DAY TO BE BANNER EVENT

Chamber of Commerce Names Committee to Arrange Program.

MEETING THIS AFTERNOON

Expected That July 18th Will Find Thousands at the Exposition.

It is proposed to make "Richmond Day" at the Jamestown Exposition one of the big days of the year. The Chamber of Commerce is taking active steps looking to this end. A committee has been appointed to confer with the Mayor of the city and the Council committee with a view of arranging a suitable program for the observance of the day, which has been fixed for July 18th.

The committee appointed by the chamber is composed of the following gentlemen: Robert Lecky, Jr., chairman; Archer Anderson, Jr., John Stewart, A. C. Braxton, S. T. Davidson, O. H. Berry, M. A. Chambers, R. C. Christian, J. Norman Hart, R. A. Dunlop, J. C. Freeman, O. H. Funsten, James R. Gordon, F. A. Haughton, A. R. Holderby, Jr., L. H. Jenkins, I. J. Marcase, S. W. Mock, John M. Miller, Jr., T. A. Miller, L. Z. Morris, L. O. Miller, W. W. Neale, William Northrop, T. K. Parrish, Malvern C. Patterson, Leland Rankin, S. W. Travers, R. S. Tuck, Thomas Wheelwright, F. D. Williams, E. Victor Williams, J. L. Wingo, Coleman Wortham, H. W. Wood.

The initial meeting of the Chamber's committee will be held to-day at P. M. in the Assembly Hall of the Chamber of Commerce, which meeting the Mayor and the Council committee have been invited to attend for a first conference.

As it is the earnest wish of not only the city authorities and the Chamber, but of all citizens, to make the day, at least one of the banner days at the exposition, it is hoped that the city's representatives and every member of the Chamber's committee will make it a point to attend.

WHAT LIGHTING COSTS THE CITY

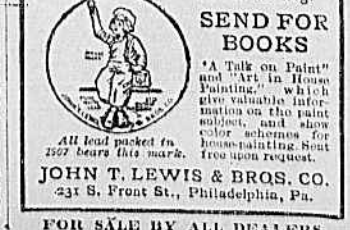

As stated heretofore, the popularity of the street illumination, provided by the council as an attraction to the city during the exposition period has given rise to a desire for the permanent illumination of the business sections of Main and Broad Streets, especially among the merchants. No innovation has been received with more universal favor than the illumination, and all is

Painting with Pure White Lead does not necessarily mean painting white. Any color may be added to Pure White Lead, producing any desired shade of color.

The standing of Pure White Lead Paint is attested by the fact that every other paint pigment is sold either mixed with Pure White Lead, or fraudulently labeled as Pure White Lead, or as a composition of unknown ingredients claimed to be "good as Pure White Lead," "better than Pure White Lead," etc.

The Dutch Boy trade mark shown below appears on every keg of Lewis Pure White Lead and is a positive guaranty of genuine, unadulterated White Lead made by the Old Dutch Process; look for it on the side of the keg.

"A Talk on Paint" and "Art in House" free on request.
JOHN T. LEWIS & BROS. CO.
231 S. Front St., Philadelphia, Pa.
FOR SALE BY ALL DEALERS.

not yet completed. Great illuminated signs bearing the word "Welcome," and colored lights indicating the direction and destination of the various car lines, are to be installed and maintained.

The amount expended for the entire illumination, including the cost of the globes and wires and all materials used, is about \$5,000, which sum pays for the illumination until December 1st.

The idea of illuminating the streets was suggested by Mayor McCarthy in his last annual message, but the details were worked out by a subcommittee of the Council Committee on Electricity, consisting of its Councilmen E. D. Richardson and Harry Huber and Alderman Gilman.

The cost of maintaining these lights permanently would probably be considerable, the Virginia Passenger and Power Company having made liberal terms to the city in this special illumination, which it probably could not afford to do as a permanent. Then, too, the members of the council would probably be unwilling to expend the sum required on two or three streets, and a limited portion of these. Regardless of the merits of the plan, however, the merchants on Broad and Main Streets can have the illumination perpetuated if they are willing to pay the cost.

SAYS HE IS A LUNATIC.

Martin Norman Sent to Jail for Stealing a Ride.

Martin Norman, of New Jersey, Israel Stout, of Washington, D. C., and C. B. Williams, of Richmond, were arrested Wednesday night by County Constables Morgan and Angle for betting their way to the city on a freight train. The men claimed to have tried to get work at Jamestown, but found employment there too scarce. Their cases were heard by Magistrate Mayor Angelo, and each was fined \$250 and given sixty days in jail.

Martin Norman stated that he had escaped from a lunatic asylum in Washington, where he had been sent for getting into trouble about pay-rolls in the United States Army. He said he was a member of the United States Army in the Philippines, and that he served three years in the Philippines. He said he had been sent to a lunatic asylum three times. He is anxious to get back to Washington.

RAID POLICY SHOPS.

One Is Fined and Two AreAwaiting Trial.

William Faulkner pleaded guilty yesterday morning to the charge of running a policy shop, and was fined \$20 and given one day in jail by Justice Crutchfield, without bail. The police are working hard to rid the city of all such forms of gambling, and yesterday morning Policemen Clarke and Palmer raided a joint in Jackson Ward and arrested Robert Ellis and Louis Lacy. They were taken to the Second Police Station.

FIELD FOR INFANTICIDE.

Mary Johnson (colored) Faces Serious Charge.

Mary Johnson (colored) appeared in the Police Court yesterday morning, charged with infanticide, and was remanded back to jail by Justice Crutchfield, without bail. The baby's dead body was found in a garbage barrel last Sunday by Policemen Toler after the department had been notified by the neighbors. The woman confessed to being the mother of the child, but further than this she would not say. The case will be taken to the Police Court to give the police time to investigate the charge.

WILLIAM SHOPE JAILED.

Said to Have Raised Row in John Williamson's Home.

William Shope was charged yesterday morning with feloniously cutting John Williamson, and Justice Crutchfield placed him under security to keep the peace for twelve months in the sum of \$300, in default of which Shope went to jail.

Three witnesses testified that Shope went to the home of Williamson and raised a row, in which Williamson was cut on the head. Shope was taken to the County Jail and a slight cut on his arm.

THROCKMORTON CERTAIN.

County Primary to Be Held First Thursday in September.

The Henrico county Democratic Primary will be held September 6th, the first Thursday in that month. A number of candidates have announced themselves for the various county positions, and the only one that now seems to be certain for election is Mr. C. W. Throckmorton, who represented his county in the lower house during the last session of the General Assembly.

Outing for Y. M. C. A. Boys. On Saturday the Y. M. C. A. boys will have an outing at Forest Hill Park, leaving the building at 11 o'clock. Besides baseball, there will be an athletic contest in twenty-five and fifty-yard dashes, standing and running broad jumps, high jump and baseball throw.

Find Pocketbook. A pocketbook was found at the Chesapeake and Ohio Depot yesterday, and was recovered upon identification by the owner. The purse had in it a railroad ticket, and contained also several cards of the union of locomotive engineers. It contained no money.

Mum to Manage. Mr. James E. Munn has been named manager of the new place shortly.

SCHOOL YARDS FOR THE PLAYGROUNDS

Federation of Mothers' Clubs Secures Three Schoolyards for Public Playgrounds.

MANY CONTRIBUTIONS MADE

Hundreds of Children Call for Cardboard Slips for "Mile of Pennies."

The movement to establish one or more public playgrounds in connection with the public schools of Richmond, certainly for the summer season, is meeting with considerable success.

Committees from the Mothers' Club spent yesterday at the three newspaper offices distributing the slips for making "a foot of pennies." Hundreds of these slips were given out during the day, and some have already been returned to the newspaper offices.

The ladies in charge of the movement estimated that the work which they had projected for this summer, the equipment and maintenance of three playgrounds, would cost "a mile of pennies," 5,280 feet, the equivalent of some \$540.

Quite a number of cash contributions were handed to the ladies of the committee, one gentleman coming to the Times-Dispatch office and tendering a \$5 bill, saying that he had made the use of some of the large base and had a great big heart for the children.

A touching incident of the afternoon was the arrival at The Times-Dispatch office of a delegation of children from Barton Heights, who came to get each a slip promising to turn in a "foot of pennies" in a few days. The little people of the suburban town seemed so greatly to appreciate the privilege of living in the open country, that they felt that they must help on the fresh-air movement for the children of the city.

A committee from the Federation of Mothers' Clubs appeared before the City School Board last night to ask for the use of the yards of Central and Elba schools for experiments in playgrounds this summer. The members of the board expressed the greatest interest in the movement. The plan was presented by Mrs. Lindsay, president of the Federation of Mothers' Clubs, in a graceful speech. A number of the members of the board expressed their interest in the matter, several suggesting that the ladies also have the use of some of the large base and mental examination some time ago, and is now ready to enter upon his studies as a cadet.

Young Mr. Throckmorton takes the place of Russell Crenshaw, who is a graduate of this year's class, and was appointed three years ago by Senator John W. Daniel. He is a graduate of Richmond College in the class of 1906.

Getting Many New Members. The Y. M. C. A. campaign for new members is making excellent progress. One Sunday and three of the two hundred have been signed up, and the indications are that the balance will be engaged to-day or tomorrow. Some excellent work is being put into the effort by Mr. Duhiko and his assistants, and to the association will be considerable.

Luther Wright Throckmorton Successful in Examination.

Luther Wright Throckmorton, son of Legislator C. W. Throckmorton, of Henrico county, telegraphed yesterday to his father that he had been successful in passing the physical examination for entrance to the United States Naval Academy. He passed the examination some time ago, and is now ready to enter upon his studies as a cadet.

MISSING LOUISA MAN. Report Reaches Richmond that Terrell's Body Was Found.

Mr. Edgar Pollard, a magistrate of Hanover county, was in the city yesterday, and reported that the body of W. T. Terrell, the Louisiana man who had been missing two weeks or more, had been found in a deserted house in a remote section of the county.

He understood that from that the appearance of the body and from hostile relations which had existed between Terrell and some others of Louisiana, some people were inclined to believe that murder had been committed.

Unknown Negro Had Battle of Landauum. An unknown negro man was found in a comatose condition at the corner of Vine and Main Streets by Policemen Walker last yesterday evening, and he was at once taken to the Second Police Station, where he was cured for antsy and amnesia.

Marriage License. A marriage license was issued yesterday in the Henrico Circuit Court to Mr. Edgar E. Ford and Miss Mary May Sholt, twenty-eight and twenty-one years of age respectively. Both are of Henrico county.

Gans-Rady Company

SPEND THOUSANDS ON AUDITORIUM

Grounds and Buildings Committee Unanimously Recommends Appropriating \$12,000.

WILL PUT IN NEW CEILING

Improvements Also Contemplate Installation of Steam-Heating Plant.

The Council Committee on Grounds and Buildings yesterday unanimously recommended to the Council a resolution appropriating \$12,000, or so much thereof as may be necessary, for the completion of the City Auditorium, at Linden and Cary Streets, and the improvement of the acoustics of the hall. This action by the committee, without a dissenting voice, is significant, in view of the opposition to any expenditure for the conversion of the building originally.

The improvements to the building are to be along plans of the Engineer's Department. They embrace the putting in of a wooden ceiling beneath the high metal roof, grating over the windows, improvements to the windows, and finally a steam heating apparatus. Other minor improvements are embraced in the plans.

Altogether, the additions and improvements will greatly increase the value of the large structure as an auditorium.

May Have Wooden Floors.

It is also suggested that a wooden floor be placed upon the concrete floor and upon the large rostrum. Authorities on acoustics are agreed that concrete or cement floors detract very much from the acoustics of a large hall.

The improvements recommended to the Council were suggested by the subcommittee, consisting of Alderman Burton and Councilmen Green and Atkinson.

The Grounds and Buildings Committee also opened bids for fuel for the heating plant. For furnishing from 600 to 1,000 tons of run-of-mine coal to the White Oak Coal Company, at \$3.15 per ton for delivery before September 1st, and at \$3.30 per ton for delivery after that date, the contract to be for the year from July 1, 1907, to July 1, 1908.

For New River lump coal, to S. H. Hawes & Co., at their bid of \$4.70 per ton of 2,000 pounds, and to the same firm for sawed oak, sawed pine and kindling wood, the contract to be for the year from July 1, 1907, to July 1, 1908.

To Choose Site for Fountain. The committee received from the Council the proposition of the National Humane Society to present to the city a handsome stone drinking fountain, and referred to a subcommittee, of which General A. L. Phillips is chairman, the selection of a site and an estimate as to the cost of establishing and connecting the fountain. This subcommittee will act in conjunction with the City Engineer and will report to the Council at its next meeting.

While the matter of a site has not been definitely considered, at least one member of the subcommittee favors the site at the intersection of Broad, Adams and Brook Avenues.

SOLD FOR \$10,000.

The property at the corner of Third and Main Streets, known as the T. P. A. Building, and owned by the Burghwyn estate, has been sold to Messrs. H. Seldon Taylor & Co. to Mr. M. L. Hoffheimer for a sum of \$10,000.

The sale was made privately. The property was offered at auction some days ago, but the figure of the last bidder not being satisfactory, it was taken in.

Mr. Hoffheimer has bought the place as an investment, and it is understood that he will make considerable repairs to the building in the near future. It is likely that the Travelers' Protective Association will renew its lease and hold their headquarters at the old stand.

Report Reaches Richmond that Terrell's Body Was Found. Mr. Edgar Pollard, a magistrate of Hanover county, was in the city yesterday, and reported that the body of W. T. Terrell, the Louisiana man who had been missing two weeks or more, had been found in a deserted house in a remote section of the county.

He understood that from that the appearance of the body and from hostile relations which had existed between Terrell and some others of Louisiana, some people were inclined to believe that murder had been committed.

Unknown Negro Had Battle of Landauum. An unknown negro man was found in a comatose condition at the corner of Vine and Main Streets by Policemen Walker last yesterday evening, and he was at once taken to the Second Police Station, where he was cured for antsy and amnesia.

Marriage License. A marriage license was issued yesterday in the Henrico Circuit Court to Mr. Edgar E. Ford and Miss Mary May Sholt, twenty-eight and twenty-one years of age respectively. Both are of Henrico county.

EVENSON MUST ANSWER CHARGE

Wanted in Georgia for Alleged Embezzlement from Cable Company.

WRIT OF ERROR IS GRANTED

Unique Case to Be Heard in the State Supreme Court.

Governor Swanson spent yesterday in Petersburg, where he participated in the exercises incident to the unveiling of the monument to the Forty-eighth Pennsylvania Regiment, and his absence from the executive department resulted in the usual dullness on the second floor of the capitol. The Corporation Commissioners were likewise absent, being on their way to Norton, where they will sit to-day in a case involving complaints concerning railroad service in that far-off section. The commissioners will return to-morrow night or Sunday, and will be in their offices Monday.

Superintendent Eggleston, of the Department of Education, is away, being in attendance upon school commencement exercises in Tidewater Virginia. Secretary Stearnes has returned from Howardville, where he attended the closing exercises of a high school Wednesday, and is preparing for the meeting of the State Board, which is scheduled to take place Monday night.

Fugitive Wanted. No striking official matter was under consideration in any of the State departments yesterday.

From the executive department there was issued a rendition warrant on a requisition from the Governor of Georgia for one H. D. Evenson, who is charged with being a fugitive from justice, and with "larceny after trust." This latter charge means no more nor less than larceny. The accused was agent for the Cable Piano Company, and is charged with stealing the proceeds of piano and an organ. The man is under arrest in Norfolk, and the Georgia agent has gone there to get him. The crime is alleged to have been committed in Gilmer and Cherokee counties, Georgia.

Writ of Error. The Supreme Court has granted a writ of error and supersedeas in the case of the Boer War Spectacle versus the Commonwealth, from the Circuit Court of Henrico.

The case is an interesting one, and its trial in the lower court is fresh in the public mind. The concern, known as the Boer War Spectacle, was running what purported to be a reproduction of certain battles which took place during the struggle in the Transvaal and when it was taken to show in Henrico county a regular circus license tax of \$100 a performance was assessed and 5 per cent. of the gate receipts in addition. All this amounted to \$150 for three performances. The matter was taken to court, and the Circuit Court granted a writ of error just granted will bring the case before the Supreme Court for review.

Messrs. A. L. Holladay and C. W. Throckmorton, counsel for the heirs of the late James A. Wallen, who are contesting the will of their father, filed a petition in the Supreme Court asking for a rehearing of the case. It will be recalled that the heirs won in the lower court, but the case was reversed by the higher tribunal.

Charged With Lunacy. Mr. John M. Johnson, of Henrico county, yesterday swore out a warrant of lunacy against his brother, Isaac Johnson. Constable Samuels went for Johnson yesterday in a car, and turned him over to the jail authorities. A commission of lunacy will consider the case to-day.

LIKE OPIUM EATERS

Coffee Drinkers Become Slaves.

"The experience, suffering and slavery of some coffee drinkers would be almost as interesting as the famous Confessions of an Opium Eater," says a Boston man.

"For twenty years I used coffee at the breakfast table and incidentally, through the day. I craved it as a whiskey drinker craves
